

SDG&E TOU Appliance Checklist

Schedule TOU-DR1 · Peak 4–9 p.m. daily · Super Off-Peak weekdays 12–6 a.m. & 10 a.m.–2 p.m.

Current rates (effective Jan 1, 2026)

Period	Summer	Winter	Hours
 Super Off-Peak	\$0.388/kWh	\$0.449/kWh	Wkdy 12–6a, 10a–2p · Wknd 12a–2p
 Off-Peak	\$0.476/kWh	\$0.540/kWh	Wkdy 6–10a, 2–4p, 9p–12a · Wknd 2–4p, 9p
 On-Peak	\$0.697/kWh	\$0.622/kWh	Every day 4–9 p.m.

Recommended operating windows

Central A/C

~3 kWh/hr · summer-heavy

- ☐ **BEST** Run: 10 a.m.–2 p.m.
- ☐ **MID** OK if needed: 12 a.m.–10 a.m., 2 p.m.–4 p.m., 9 p.m.–12 a.m.
- ☐ **AVOID** 4 p.m.–9 p.m. — costliest

Tip: Pre-cool the house 10 a.m.–2 p.m. so you can coast through peak with less compressor cycling.

Dishwasher

~1.5 kWh/cycle

- ☐ **BEST** Run: 12 a.m.–4 a.m., 10 a.m.–2 p.m.
- ☐ **MID** OK if needed: 4 a.m.–10 a.m., 2 p.m.–4 p.m., 9 p.m.–12 a.m.
- ☐ **AVOID** 4 p.m.–9 p.m. — costliest

Tip: Delay-start to run between 10 a.m.–2 p.m. or after midnight.

Clothes Dryer

~3 kWh/load

- ☐ **BEST** Run: 12 a.m.–6 a.m., 10 a.m.–2 p.m.
- ☐ **MID** OK if needed: 6 a.m.–10 a.m., 2 p.m.–4 p.m., 9 p.m.–12 a.m.
- ☐ **AVOID** 4 p.m.–9 p.m. — costliest

Tip: Sunday and weekday mornings before 2 p.m. — biggest single shift available to most households.

EV Charger (Level 2)

~7–11 kWh/hr

- ☐ **BEST** Run: 12 a.m.–6 a.m., 10 a.m.–2 p.m.
- ☐ **MID** OK if needed: 6 a.m.–10 a.m., 2 p.m.–4 p.m., 9 p.m.–12 a.m.
- ☐ **AVOID** 4 p.m.–9 p.m. — costliest

Tip: Schedule charging 12 a.m.–6 a.m. via the car or charger app. Top up midday if working from home.

Pool Pump

~1.5–2 kWh/hr

- ☐ **BEST** Run: 12 a.m.–6 a.m., 10 a.m.–2 p.m.
- ☐ **MID** OK if needed: 6 a.m.–10 a.m., 2 p.m.–4 p.m., 9 p.m.–12 a.m.
- ☐ **AVOID** 4 p.m.–9 p.m. — costliest

Tip: Two-block schedule: 12 a.m.–4 a.m. + 10 a.m.–2 p.m. covers 8 hr of circulation entirely in super off-peak.

Quick action checklist

- ☐ Set EV charger to start at 12 a.m. (use car/charger app, not just a wall timer).
- ☐ Set dishwasher delay-start to finish before 4 p.m. or after 9 p.m.
- ☐ Run clothes dryer between 10 a.m.–2 p.m. on weekdays, or anytime before 2 p.m. on weekends.
- ☐ Program smart thermostat: pre-cool 10 a.m.–3 p.m., relax setpoint 4–9 p.m. by 3–4°F.
- ☐ Schedule pool pump in two blocks: 12–4 a.m. and 10 a.m.–2 p.m.
- ☐ Avoid running multiple major loads simultaneously 4–9 p.m. — even one peak load can dominate the bill.
- ☐ Confirm you are on TOU-DR1 (or evaluate TOU-DR-P / EV-TOU-5) by logging into My Account at sdge.com.
- ☐ Review your bill after 1 full cycle and check the “Time of Use” usage chart to verify shift compliance.
